PREDGOVOR

«Žene i muškarci u Federaciji Bosne i Hercegovine» je naslov ove publikacije, četvrte u nizu ove vrste koje je objavio Federalni zavod za statistiku. Ovo izdanje objavljuje podatke zaključno sa 2007. godinom i pruža obuhvatan pregled situacije žena i muškaraca u Federaciji Bosne i Hercegovine.

Publikacija se sastoji od sljedećih poglavlja: stanovništvo, zdravstvo, obrazovanje, zaposlenost i nezaposlenost, socijalna zaštita, pravosuđe i izbori. Obuhvata podatke koji su prikazani u vidu tabela sa grafičkim prikazom istih, a koji su rezultat provođenja statističkih istraživanja Federalnog zavoda za statistiku. Manji dio podataka preuzet je od drugih institucija ili drugih izvora podataka što je i navedeno ispod tabela.

Želimo se zahvaliti svima koji su doprinijeli izradi ove publikacije i vjerujemo da će ona biti od velike pomoći korisnicima naših podataka i da će biti korištena od strane šire javnosti.

Primjedbe i sugestije korisnika primi ćemo kao izraz dobre namjere za poboljšanje sljedećih izdanja.

Derviš Đurđević

Direktor
Federalnog zavoda za statistiku

Sarajevo, decembar 2008.

PREFACE

«Women and men in The Federation of Bosnia and Herzegovina» is the title of the publication, the fourth one of this kind published by the Federal Office of Statistics. This edition gives the data until 2007 including and shows the overview of the situation of women and men in The Federation of Bosnia and Herzegovina.

Publication is composed of the next chapters: population, health, education, employment and unemployment, social welfare, administration of justice and elections. It covers the data shown as the tables and charts. These data are the result of the statistical researches carried out by the Federal Office of Statistics and the source of less part of data is other institutions or other sources of data and it is cited under table.

We would like to thank to everybody who contributed to make the publication and we believe it would help to users of our data and it would be used by broader public.

Remarks and suggestions of users of our data we will receive as an expression of good wish to the next editions make better.

Derviš Đurđević

UVOD

Namjera ove publikacije je da pruži pregled stanja u Federaciji BiH u pogledu **gendera**, a na osnovu raspoloživih statističkih podataka za period 2003 - 2007. godina.

Gender označava sociološki i kulturološki uvjetovanu razliku između žena i muškaraca. Odnosi se na sve one uloge i osobine koje nisu uvjetovane ili određene isključivo prirodnim ili biološkim faktorima, nego su prije proizvod normi, konvencija i tradicije i kroz vrijeme su promjenljivi.

Gender jednakost – jednakost postoji ako oba spola imaju jednaku društvenu vrijednost, jednaka prava i jednake odgovornosti, kao i jednak pristup resursima i mogućnostima koji im omogućavaju uživanje jednakosti.

Gender ravnopravnost – znači jednaku vidljivost, osnaživanje i učešće oba spola u svim sferama javnog i privatnog života i ima za cilj promoviranje punog učešća žena i muškaraca u društvu.

Gender «mainstreaming» je (re)organizacija, unapređenje, razvoj i evaluacija procesa politika tako da perspektiva gender ravnopravnosti bude inkorporirana u sve politike na svim razinama i u svim fazama od strane aktera koji su uobičajeno uključeni u donošenje odluka.

PRAVNI OKVIR

Ustav Federacije Bosne i Hercegovine (Službene novine FBiH 1/94) – član 2A:

«Federacija će osigurati primjenu najvišeg nivoa međunarodno priznatih prava i sloboda utvrđenih u aktima navedenim u Aneksu. Posebno:
...zabranu svake diskriminacije zasnovane na rasi, boji kože, **spolu**, jeziku, religiji ili vjerovanju, političkim ili drugim uvjerenjima, nacionalnom i socijalnom porijeklu...»

Zakon o ravnopravnosti spolova u BiH donesen je 2003. godine (Službeni glasnik BiH broj 56/03) i ovim zakonom uređuje se, promovira i štiti ravnopravnost spolova i garantiraju jednake mogućnosti svim građanima, kako u javnoj, tako i u privatnoj sferi društva, te sprečava direktna i indirektna diskriminacija zasnovana na spolu.

U članu 2. ovog zakona kaže se da “spolovi su ravnopravni. Puna ravnopravnost spolova garantira se u svim sferama društva, a naročito u oblasti obrazovanja, ekonomiji, zapošljavanju i radu, socijalnoj i zdravstvenoj zaštiti, sportu, kulturi, javnom životu i medijima, bez obzira na bračno i porodično stanje. Diskriminacija na temelju spola i spolne orijentacije zabranjena je.”

Zakon o ravnopravnosti spolova u članu 18. obavezuje da “svi statistički podaci i informacije koji se prikupljaju, evidentiraju i obrađuju u državnim organima na svim nivoima, javnim službama i ustanovama, državnim i privatnim preduzećima i ostalim subjektima moraju biti prikazani po spolu.

Statistički podaci i informacije, koji se prikupljaju, evidentiraju i obrađuju, u skladu sa stavom 1 ovog člana, moraju biti sastavni dio statističke evidencije i dostupni javnosti.”

INTRODUCTION

The purpose of this publication is to offer the overview of the situation in The Federation of Bosnia and Herzegovina regarding the **gender** and on the base of available statistical data for the period 2003 - 2007.

Gender means socially and cultural conditioned difference between women and men. It is in relation to all roles and characteristics not conditioned or defined by natural or biological factors only; they are the product of norms, conventions and tradition and they are changeable through time.

Gender equality – equality exists if both sexes have the equal social value, equal rights and responsibilities as well as equal access to resources and have the possibilities which enable them to enjoy in equality.

Gender equity – means equal visibility, strengthening and participation of both sexes in all spheres of public and private life and has the goal to promote full participation of women and men in society.

“Gender mainstreaming” is re(organization), promotion, development and evaluation of process of policies so that perspective of gender equity is incorporated in all policies on all levels in all phases by actors who are usually included in making decisions.

LEGAL FRAMEWORK

The Constitution of The Federation of Bosnia and Herzegovina (Gazette FBiH 1/94) – article 2A:

“The Federation will ensure the implementation of the highest level of international approved rights and freedoms defined in acts cited in Anex. Especially:

... prohibition of each discrimination based on race, skin colour, **sex**, language, religion or faith, political or other testimonials, nacional or social origin...”

The Law on Gender Equity in Bosnia and Herzegovina proclaimed in 2003 (Gazette B&H N° 56/03) and it is regulated, promoted and protected the equity of sexes and the equal opportunities to all citizens are garanted by this Law, in public and private sphere of society, and inhibit direct and indirect discrimination based on the sex.

According to the article 2 of this law “sexes are equited. Full equity of sexes is garanted in all spheres of society and especially in the field of education, economie, employment and work, social and health protection, sport, culture, public life and media, no regard to marital or familiar status. Discrimination based on the sex is forbidden.”

In the article 18 of The Law on equity of sexes it is prescribed to “all statistical data and information which are collected, registered and processed in state bodies on all levels, in public services and institutions, state and private companies and other subjects must be shown by sex.

Statistical data and information which are collected, registered and processed in the line with issue 1 of this article must be principle part of statistical evidence and accessible to the publicity.

IZVORI PODATAKA

Anketa o potrošnji domaćinstava u BiH 2007

Statističke institucije Bosne i Hercegovine provele su Anketu o potrošnji domaćinstava u BiH 2007. godine. Finansijsku podršku za provođenje Ankete osigurali su Vlada Italije i Cooperazione Italiana uz tehničku pomoć eksperata ISTAT-a Nacionalni institut za statistiku Italije i Vlada Velike Britanije, Ured za međunarodni razvoj DFID.

Anketa o radnoj snazi (ARS)

Anketa o radnoj snazi (ARS) je anketa o obilježjima tržišta rada i prvi put je u Bosni i Hercegovini provedena u aprilu 2006. godine kao godišnje istraživanje na uzorkom izabranim domaćinstvima. Anketa je provedena uz finansijsku i tehničku podršku Ureda britanske vlade za međunarodni razvoj (the Department for International Development of the British Government – DFID) i Razvojnog programa Ujedinjenih nacija (United Nations Development Program - UNDP).

SOURCES OF DATA

Household Budget Survey (HBS)

Statistical Institutes of Bosnia and Herzegovina were conducted the Household Budget Survey (HBS) in 2007. Financial support provided by Italy Government and Cooperazione Italiana with technical assistance of experts of ISTAT (Italian Statistical Institut), DFID, the Department for International Development of the British Government.

Labour Force Survey (LFS)

Labour force survey is the survey on characteristics of labour market and it was carried out for the first time in Bosnia and Herzegovina in April 2006 as an annual research on the sample survey base. The survey was carried out with financial and technical support of the Department for International Development of the British Government (DFID), United Nations Development Program – UNDP

REKLI SU O ŽENI

Žena stoji, kao kapija, na izlazu kao i na ulazu ovog svijeta.

Ivo Andrić

Lijepa se žena sviđa očima, dobra žena se sviđa srcu; jedna je dragulj, druga riznica.

Napoleon

Gdje se žene poštuju, tamo je i bogovima ugođeno; gdje se ženama ne iskazuje poštovanje, tamo ni jedno djelo ne donosi ploda.

Mahabharata

Žena je čovjekova budućnost.

Sumerska izreka

Nije zanimljivo ono što vam žene kažu, zanimljivo je ono što prešute.

Šekspir

Slabosti, ime ti je žena!

Šekspir

Žena je jedini stvor koji umije i da plače i da se smije zbog istog razloga.

Molijer

Muškarac je Muškarac, a žena je žena.

Moamar el Gadafi

Žena je zagonetka čije se rješenje zove materinstvo.

Niče

Ko može upravljati jednom ženom, može upravljati i jednim narodom.

Balzak

Žene, kao i snovi, nisu nikada onakve kakve bismo htjeli da budu.

Luidi Pirandelo

Ljudi stvaraju djela, a žene ljude.

Rolan

U svakom slučaju poštuju ženu, jer je to bila i vaša majka.

Frančesko Gveraci

Tek dah žene učini te čovjekom.

Mišle

Ljepota jedne žene nije u odjeći koju nosi, njenoj figuri ili frizuri. Ljepota žene se ogleda u njenim očima, jer su ona vrata njenog srca, mjesto gdje ljubav počiva.

Ljepota žene nije u njenoj vanjštini, nego se prava ljepota žene očituje u njenoj duši.

To je pažnja koju ona nesebično pruža, ljubav koju ona pokazuje.

Ljepota žene se povećava kako godine prolaze.

Odri Hepbern

Muškarci vladaju svijetom, a žene muškarcima.

Narodna

THEY SAID ABOUT WOMAN

Woman stands, as a shock, on the outlet as well as on the gate of the world.

Ivo Andrić

Eyes like pretty woman and heart likes nice woman, one is gem (jewel) and the other one is treasury.

Napoleon

Where women are respected, there is pleased to gods; where women are not respected, there no one act gives fruit.

Mahabharata

Women is the future of the human being.

Sumer^s saying

It is not interesting what women say to you, it is interesting what they miss to say.

Šekspir

Weakness, your name is woman!

Šekspir

Women is the only one being who can cry and laugh for the same reason at the same time.

Molijer

Man is Man and woman is woman.

Moamar el Gadafi

Woman is an enigma whose solution is called maternity.

Niče

Who can manage a woman it can manage a nation.

Balzak

Women are never such we would like to be, like dreams.

Luidi Pirandelo

People make commitment, and women make people.

Rolan

In each case respect woman because your mother was a woman.

Frančesko Gveraci

Breath of woman can make you human being only.

Mišle

The beauty of a woman is not in her costume, figure or hair-style. The beauty of a woman is in her eyes cause they are the door of her heart, the place where love stands.

The beauty of a woman is not in her look, the real beauty of a woman is in her spirit.

This is interest (regard) she gives unselfishly, love she shows. The beauty of a woman is growing up with years.

Odri Hepbern

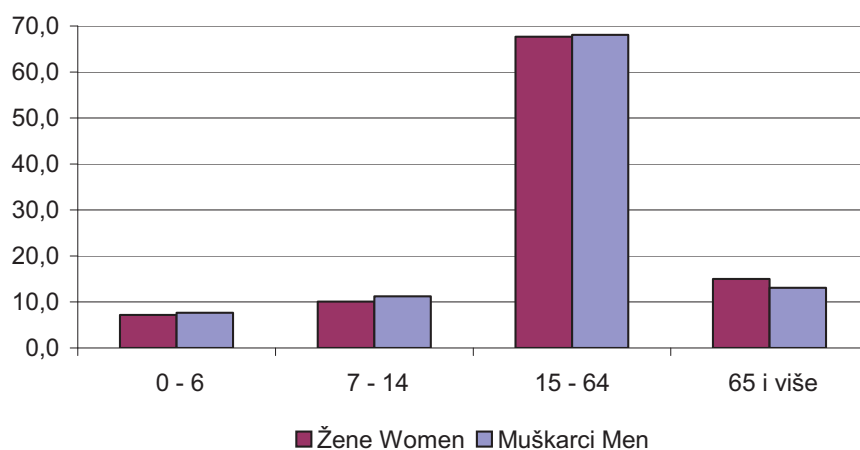

Men manage world and women manage men.

ZAPOSLENOST I NEZAPOSLENOST
EMPLOYMENT AND UNEMPLOYMENT

Izvori podataka o zaposlenosti i nezaposlenosti

Podaci o zaposlenima koji se iskazuju kao godišnji prosjek rezultat su obrade podataka prikupljenih u poslovnim subjektima na osnovu evidencije o zaposlenima. Podaci o nezaposlenima preuzeti su iz evidencije Zavoda za zapošljavanje. Tamo gdje je to označeno izvor podataka je anketa o radnoj snazi.

Anketa o radnoj snazi

Radno-sposobno stanovništvo čine lica starosti 15 i više godina.

Radna snaga je ekonomski aktivno stanovništvo.

Radna snagu ili ekonomski aktivno stanovništvo čine sva zaposlena i nezaposlena lica.

Zaposlena lica su ona koja su tokom referentne sedmice (od ponedjeljka do nedjelje) obavljala bilo kakav posao za plaću (u novcu ili naturi) ili za porodičnu korist. Lica koja nisu radila u referentnoj sedmici ali imaju posao sa kojega su bila privremeno odsutna su, takođe, uključena u zaposlene.

Zaposlenici su lica koja rade za poslodavca u državnom ili privatnom sektoru i za svoj rad primaju naknadu u novcu ili naturi.

Samozaposleni su poslodavci koji upravljaju poslovnim subjektom i zapošljavaju jednog ili više zaposlenika, te lica koja rade za vlastiti račun i ne zapošljavaju zaposlenike.

Neplaćeni pomažući članovi su oni koji u referentnoj sedmici nisu bili u plaćenju zaposlenosti niti su bili samozaposleni, ali su obavljali neki posao na porodičnom imanju, u porodičnoj firmi ili nekom drugom obliku porodičnog biznisa. Oni normalno ne primaju redovnu plaću.

Lica koje rade nepuno radno vrijeme su sva lica čije je uobičajeno radno vrijeme kraće od zakonski propisanog.

Podzaposlena lica su ona zaposlena lica koja rade kraće od zakonski propisanog radnog vremena ali žele da rade više i spremna su da prihvate više posla u naredne dvije sedmice (u okviru postojećeg posla, dodatni posao pored postojećeg ili drugi - novi posao).

Nezaposleni su lica koja zadovoljavaju sljedeća tri kriterija:

- u referentnoj sedmici nisu obavljala nikakav posao za novac ili plaćanje u naturi
- u posljednje četiri sedmice prije anketiranja aktivno su tražila posao i
- ponuđeni posao mogla bi početi obavljati u iduće dvije sedmice.

U nezaposlene ubrajamo i ona lica koja su našla posao i u skoroj budućnosti će početi raditi.

Neaktivna lica su ona koja imaju 15 i više godina i koja nisu uključena niti u zaposlene niti u nezaposlene osobe.

Stopa aktivnosti predstavlja procentualno učešće radne snage u radno sposobnom stanovništvu.

Stopa zaposlenosti predstavlja procentualno učešće zaposlenih lica u radno sposobnom stanovništvu.

Stopa nezaposlenosti predstavlja procentualno učešće nezaposlenih lica u radnoj snazi.

The sources of data on employment and unemployment

The data on employment given as an annual average are the result of processing data collected from legal entities on the base of register on employed persons.

The data on unemployed persons were collected from the Register office for unemployed persons.

The source of other data is Labour force survey where it is noted.

Labour force survey

Labour force is economically active population.

The labour force are persons in employment and unemployed persons.

Working age population comprises all persons aged 15 years and over.

Persons in employment are those who during the last week (from Monday to Sunday) prior to the interview did any work for payment (in cash or kind) or family gain. Persons who were not working but had a job from which they were temporarily absent are also included.

Persons in paid employment are those who work for an employer in the state or private sector and are paid for their work in cash or in kind.

Self-employed persons are employers who run an enterprise and employ one or more employees, as well as own-account workers who have no employees.

Unpaid family workers are those who were not in paid employment or self-employment during the last week prior to the interview, but did some work on the family farm, in the family enterprise or some other kind of family gainful activity; they normally do not receive regular payment.

Persons in part-time employment are those who usually work less than legislated hours per week.

Underemployed persons are those who usually work less than legislated hours per week but would like to work more and are prepared to accept more work in the next two weeks (within their present work, with additional work or with other work).

Unemployed persons are those who meet the following three criteria:

- in the reference period did not work for payment in cash or in kind
- were actively seeking work during four weeks prior to the survey and
- were currently available for work within the next two weeks.

Those who have found a job to start in the future are also included.

Inactive persons are those, aged 15 years and over, who are not classified as persons in employment or as unemployed persons.

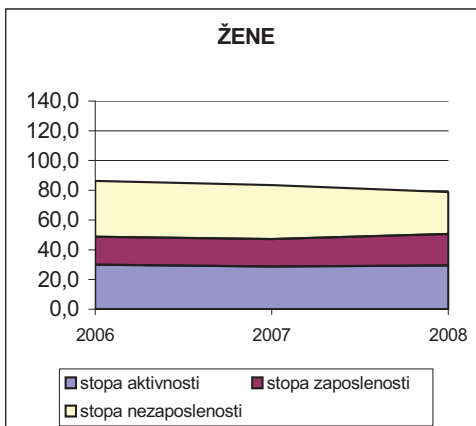

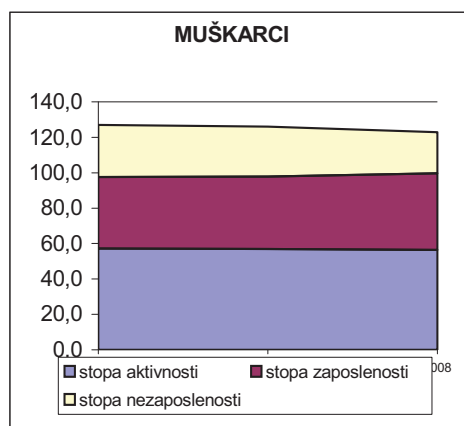

Activity rate represents the labour force as a percentage of the working age population.

Employment/population ratio represents persons in employment as a percentage of the working age population.

Unemployment rate represents unemployment persons as a percentage of the labour force.
