## PROIZVODNJA I PRODAJA DRVNIH SORTIMENATA U FBiH, MART/OŽUJAK 2015. PRODUCTION AND SALE OF FORESTRY ASSORTMENTS IN THE FB&H MARCH 2015

Ukupna proizvodnja šumskih sortimenata u periodu I – III 2015. godine u odnosu na isti period 2015. godine manja je za 139000 m<sup>3</sup> ili 33,0 %.

Proizvodnja sortimenata od četinarara/četinjača je manja za 70000 m<sup>3</sup> (33,3 %), a isto tako i proizvodnja sortimenata od lišćara/listača je manja za 70000 m<sup>3</sup> (33,0 %).

Ukupna prodaja šumskih sortimenata u periodu I - III 2015. godine u odnosu na isti period 2015. je manja za 137000 m<sup>3</sup> ili 36,4%

Prodaja sortimenata od četinarara/četinjača manja je za 66000 m<sup>3</sup> (35,1 %) dok je prodaja sortimenata od lišćara/listača manja za 71000 m<sup>3</sup> (37,8 %).

The total production of forestry assortments in period I - III 2015 fell by 139.000 m<sup>3</sup> (33,0%) in relation to 2015.

Production of assortments of conifers fell by 70 000 m<sup>3</sup> ( 33.3 % ) , as well as the production assortment of broadleaf fell by 70000 m<sup>3</sup> ( 33.0 % ) .

The total sale of forestry assortments in period I – III 2015 fell by 137.000 m<sup>3</sup> (36,4%) in relation to 2015.

Sale of assortments of conifers fell by 66.000 m<sup>3</sup> (35,1%), while sale of assortments of broadleaves fell by 71.000 m<sup>3</sup> (37,8%).

## METODOLOŠKA OBJAŠNENJA

### Izvor i metode prikupljanja podataka

Podaci o proizvodnji šumarstva u državnim šumama rezultat su Mjesečnog istraživanja šumarstva ŠUM- 22 koje provodi Federalni zavod za statistiku na temelju Zakona o statističkim istraživanjima u FBiH («Sl. novine Federacije BiH» br. 63/03 i 9/09).

Mjesečnim izvještajem šumarstva obuhvaćene su sve pravne osobe razvrstane u Registru poslovnih subjekata u području A- Poljoprivreda, lov i šumarstvo, odjeljak 02-Šumarstvo, sječa drveta i usluge povezane sa njima, a koje se bave stalnom proizvodnjom šumskih sortimenata u državnim šumama.

Prikupljanje podataka o proizvodnji i prodaji u šumarstvu vrši se na osnovi Nomenklature proizvoda i usluga šumarstva – NPUŠ, koja je izrađena za potrebe statistike šumarstva na osnovi Liste karakterističnih proizvoda šumarstva, koju je Eurostat (Statistički ured Evropske unije) objavio kao integralni dio Priručnika za ekonomske račune poljoprivrede i šumarstva (Manual on the Economic Accounts of Agriculture and Forestry – EAF) u novembru/studenom 1997. godine.

### Definicije

**Trupci** (lišćara/listača i četinar/četinjača) su dijelovi debla koji su namjenjeni daljem prerađivanju piljenjem, ponekad rezanjem ili ljuštenjem jer imaju povoljna fizička i kemijska svojstva te su namjenjeni za industrijsku preradu.

**Jamsko drvo** (lišćara/listača i četinar/četinjača) namjenjeno je za razne tehničke svrhe jer ima vrlo povoljna fizička i kemijska svojstva. To je drvo koje se upotrebljava za izgradnju i održavanje jamskih rovova i okna, dakle za gradnju u zemlji i pod zemljom.

**Ostalo dugo drvo** (lišćara/listača i četinar/četinjača) obuhvaća sve vrste drveta pogodne za mehaničku preradu, stupove za elektro vodove i TT vodove te ostalo oblo drvo.

**Prostorno drvo** (lišćara/listača i četinar/četinjača) obuhvaća drvo za drvene ploče (pogodno za mehaničku preradu), a celulozno i taninsko drvo, zbog svog povoljnog kemijskog svojstva, pogodno je za kemijsku preradu. Taninsko drvo je sirovina iz koje se preradom dobivaju taninski ekstrati.

**Ogrijevno drvo** (lišćara/listača i četinar/četinjača) je namjenjeno neposredno za ogrjev ili za proizvodnju drvenog uglja.

**Ostalo grubo obrađeno drvo** (lišćara/listača i četinar/četinjača) obuhvaća sitno tehničko drvo, pogodno za izradu drvenih motki i kolja, raznih letvi i stupova za ogradu, ručica za alat i sl.

## NOTES OF METHODOLOGY

### Source and methods of data collection

Data on production of forestry assortment in the publicly-owned forests are result of monthly reports on surveys of forests (ŠUM – 22) conducted by the Federal Office of Statistics on the basis of Act on Statistical Survey in FB&H („Official Gazette of FB&H“, No 63/03 and 9/09).

All legal entities clasified in the Register of Business Entities under section A – Agriculture, hunting and forestry Section 02 – Forestry, felling and related services activities, engaged in permanent production forest sortiments in the publicly-owned forests, are exltended by Monthly Report of forestry.

Data collection on production and sales of forestry is practised on the basis of the Nomenclature of Forest Products and Services NPUŠ wich is made for the purposes of forestry statistics on the basis the List of Characteristic Products of the Comercial Timber Production compiled by the Eurostat (the Statistical Office of the European Union), and published as an integral part of the Manual for Economic Accounts of Agriculture and Forestry in November 1997.

### Definitions

**Logs** (broad-leavvad trees and conifers) are parts of timber intended for further procesing by sawing, sometimes by cutting or peeling, besause of its good physical and chemical characteristics, so it is useful to be industrially processed.

**Mining timber** (broad-leavvad trees and conifers) having very good physical and chemical characteristics, is intended for various technical purposes. It is used for bulding and maintaing pits and shafts, therefore, for constructing under ground and on the surface.

**Other long timber** (broad-leavvad trees and conifers) includes all kinds of wood suitable for mechanical processing, transmission-line and telephone-line pylons as well as other oval timber.

**Stack wood** (broad-leavvad trees and conifers) includes wood for boards (suitable for mechanical processing), and wood-pulp and tannin wood are, because of its good chemical characteristics, suitable for chemical processing. Tanin wood is a material that, processed, gives tannin exltracts.

**Fuel wood** (broad-leavvad trees and conifers) is intended directly for fuel or production of wood coal.

**Other roughly processed wood** (broad-leavvad trees and conifers) includes paltry technical wood suitable for prosessing of wood poles, diferent bars and fence piers, tool cager etc.
